

invite to
4TH SCIENTIFIC AND TECHNICAL CONFERENCE
AUTONOMOUS VEHICLES
- challenges and opportunities for the economy
and national defense

GUIDELINES FOR THE PRESENTATION ABSTRACT

The presentation abstract should be two A4 pages long and prepared using 11-point Times New Roman font. It may include figures and tables, which should subsequently also be included in the presentation.

The presentation abstract should contain the following elements:

- Presentation title (14-point bold font)
- Information about the authors: academic degree/title, first name, surname, institution and a link to a description of the represented institution
- Keywords (maximum of three)
- Abstract (approximately 350 characters, 11-point font)
- Introduction outlining the aim and scope of the presentation
- Key content, including sample results presented in graphical or numerical form, accompanied by a brief commentary
- Conclusions
- References / key bibliography

The submitted presentations will be reviewed by the Scientific Committee based on the abstracts sent to konferencja@pimot.lukasiewicz.gov.pl by 9 October 2026.

Each presentation may be delivered by one person only. This means that only one of the authors may present it during the event, and that person's participation in the conference will be free of charge.

The author will be notified after the review process if the presentation has been accepted for delivery. The number of available places is limited.
